## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/6/05 has been entered.

### ***Claim Rejections - 35 USC § 112***

2. Claims 22-28 and 30-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 22 and 36 are vague. The preambles of claims 22 and 36 have been amended to recite methods for isolating and identifying a chemical substance but the "and either" language in step (b) and "or" in step (c) of each claim is non consistent with the preamble. The isolation step in step (c) could be deleted from the methods depending on how the body of the claim is read and thus not be consistent with the preamble of each claim which requires isolating and identifying a chemical substance.

Claim 27 is vague because the recitation of "the bond" lacks antecedent support.

Claim 28 is vague because the recitation of "the non-covalent bond" lacks antecedent support.
